ADVANCED

KEEP YOUR PROFICIENCY (A320/330/B737)

The focus of our Advanced Program is each Pilot's individual competence. In times where flying proficiency is diminished; it is essentially important to keep up your skills.

If you are unemployed or hardly get flight time in your current occupation, we strongly recommend this program with up to three recurrent simulator sessions per year. Training items like UPRT, Wind Shear, Terrain Escape or adverse weather are not part of your annual License Proficiency Check (LPC), but nevertheless important for you as a professional pilot.

The training contents varies seasonally and for each participation.
The attendee will receive a certificate:

- One participation a year – Basic Certificate**
- Two participation a year – Advanced Certificate**
- Three participation a year – Advanced+ Certificate**

SIM Location Berlin, Essen, Frankfurt, Mönchengladbach, München

Target Group Flight Crew 320/A330/B737 (other types on request)

Training Time 2 hours per Trainee (PF)

Attendees Max. 3

Training Content

- Min. 1 online Training per month with specific subjects (PBN, LVO, etc.)
- Standardized Briefing before each Simulator Session (FSTD/ FFS)
- Loft Scenarios with specific focus on:
 - Decision Making
 - Workload Management
 - Leadership and Teamwork
 - Situation Awareness
 - Airplane Handling Manual/Automatic
- detailed De-Briefing with structured feedback
- Certificate for succesful training
- Provision of briefing documents (OFP, Charts)

Price from € 800,- acc. german Value-Added Tax Act (UStG §4 Satz 21 a) bb)) VAT excluded
